# TOTAL SELF RELIANCE

**I'm prepared – are you?**

We applaud your decision to become prepared to help yourself in an emergency situation. You may face fire, flood, storm or other emergencies. They often happen with little or no warning.

You will not have time to get prepared when an Emergency happens – you will need to be ready to move quickly....to save your own life and the lives of others. TSR provide three complete packs from which to choose as well as individual items to add to your pack.

**Make sure you have a fighting chance in any catastrophe.**

**Be prepared with knowledge and the right materials to survive and live!**

**To get prepared call:  
Craig 0421 378 072 or
